

Noon Lounge

Noon is a modular collection of upholstered products which softly arc at the edges. Noon's arm allows the cushion to flow over the arc, creating an extra level of comfort and softness to the product. There is a tension created between the stitching detail on the inner and outer surface which run in parallel, framing and outlining the product.

The composition of materials balanced with an understated aesthetic creates a harmony within the elements of the Noon Collection. The collection is designed specifically for residential spaces with a commercial cross over and features the modular lounges, armchair, two coffee tables, an accompanying mirror and a rug in three colour ways.

The Noon Armchair will be on display as part of the new exhibition AGM, running June 14-16th, 2-8 Wrecklyn Street North Melbourne. The whole Noon range will also be on display at Melbourne's new StylecraftHOME Open Day on the 22nd of June and available exclusively through Stylecraft.
