

Silhouette

Desk Lamp

Description

Silhouette is your new best friend on the desk, complementing any space, be it at work or in the home. The lamp's bent metal stand is a playful continuation of the black cloth cord, which threads right up through and back down into the shade.

Available in anodised black or gold aluminium as standard finishes or in solid copper or brass as precious metal finishes, the gently fluted shade will cut a beautiful figure on its own, or as a grouping of mixed finishes.

Available Finishes
